

Karen Lyons and Jacqueline Carrière, CS Marie-Victorin, 2017-2018

Station E Drawing Activity

Step 1

Take either envelope A or B. Make sure your partners do not see what is inside. Pair up with a team member who does not have the same envelope as you.

Step 2

One of you will draw in your student booklet , the other will describe the picture in your envelope. Your aim is to get your partner to draw a picture as close as possible to what you see on the picture.

Step 3

Switch roles with your partner.
