

STATION A- Zombie Survival Kit

Step 1 Preparing an Emergency Kit

There is an envelope for each member of your team.

Remove the pictures and choose the 10 images that you would bring with you in an emergency situation. Write them down in your student booklet.

DO NOT TURN TO THE OTHER PAGE UNTIL YOU'VE COMPLETED THIS FIRST STEP.

STATION A- Zombie Survival Kit

Step 2 Checking your Emergency Kit

Together, read the following emergency scenario. How long will you survive?

Emergency Scenario:

You and a friend are in the middle of a zombie invasion. There is no time to head to the store, so you are going to have to make do with what you have already put in your emergency kit. Every time you have one of the items, give yourself a point.

1. The zombies are starting to walk into the city. The city's water supply has been compromised. It's time to make use of your **bottled water** supply.
2. After hearing that the zombies are coming in from the west, you want to check on your other friends and family members. Take out your **cell phone**.
3. The zombies have torn down the power lines. Now you are without electricity. This means the refrigerator and microwave are out. Do you have **non-perishable food** to make dinner?
4. It's starting to get dark and you stumble over furniture looking for a **flashlight**. Do you have one?
5. All of that stumbling caused you to hurt your knee on the coffee table. Pull out your **first aid kit** to bandage that up.
6. It's dark out and you've camped out in the basement, the most secure part of the house. Do you have a **sleeping bag** to keep you warm?
7. While trying to sleep, you hear loud noises and start to worry. You try to turn on your **radio** for the latest updates.
8. Why is the radio not working? That's right, it needs **batteries**. If you don't have any, you can use the ones from your flashlight... but **ONLY** if you have a **candle with matches**. You still need a light source.

9. According to the radio report, the mayor has ordered an evacuation. You quickly gather your supplies and make your way to the car. Don't forget that the electricity is out and you need **cash** if you want to buy anything.
10. Wait, did the mayor say that Main Street is closed and to head east towards Franklin? Which road should you use? Pull out your **map** to navigate to safety.

STATION A- Zombie Survival Kit

Step 3. Discuss the following questions with your team.

What was the importance of each item on the list?

If there was a zombie invasion, what do you think would disappear first? Discuss what would disappear first (1-3 days), next (3-14 days), and longer (14+ days).

What are the common disasters in your area that you can prepare for?

What emergencies do you prepare for at school?

Does your school have an emergency plan?

Have you practiced for an emergency?

What are some recent disasters or emergencies that you can think of?

How could citizens have been prepared for this emergency?

Material Needed

✓ Student Booleet

✓ Envelope with pictures
